Act I - "Princess Meets World"

Intermission

Act II - "The Grande Paupers"

Director's Note —

I would first like to say thank you for coming to support another Limelight original production, Double Cast. *In these three short weeks we have been able to piece together a story about trust, courage, and the ability to find inner strength to show your true potential.* Double Cast *takes us on a journey with two young actresses on opposite ends of the acting world, one in drama and the other in comedy. We find these girls figuring out they have two things in common, their looks and their passion to try something new. The girls switch roles and through the course of the story, we find out you really can't judge a book by it's cover.*

I would like to thank all of the actors for investing so much time to making these characters so believable. To the assistant directors, the production team, crew members, and of course, the parents, without you none of this could become a reality. Last but not least, I would like to thank my wife and two sons for letting me continue to enjoy my passion that takes so much time away from them and my father for planting the acting seed in me. Thanks again for coming and enjoy our production of Double Cast*!*
