## DIRECTOR'S NOTE

*Song of the Thin Man* is the fifth installment in our *Thin Man* radio series (technically sixth, at least in the original order of the films). This 1947 caper catches us up on the lives of Nick and Nora Charles as they get pulled into another case, this time on the exotic S.S. Fortune. Much like the other *Thin Man* movies, they are loosely connected by the two protagonists, Nick and Nora. These shows are a lot of fun to do, not only for the colorful characters inspired by Dashiell Hammet's writing, but for the mix in tone of noir and comedy. As we continue our story, we have tried to include echoes of Dashiell Hammet's style. While we have been doing these shows for the past five years, it hasn't worn its welcome. *The Thin Man* series presents a very unique and endearing world of characters who are a lot of fun to return to. And we continue to delve into that world with *Song of the Thin Man*. I'd like to thank the cast and audience for attending this performance as we are nearing the end of Nick and Nora's adventures. Thank you for staying tuned.

- Anthony Ortiz
