DIRECTOR'S NOTE

Here we are again, in the insane world of the Spring One Acts, where anything goes, and kids get together to create something wild where there was only air before. The One Acts are one of my favorite things about Limelight because this show represents the coming together of everyone to build originality. These scenes are written by, directed by, and starring Limelight participants. It is the crucial training ground for the Limelighters who elevate our organization on a daily basis. Enjoy the show.
