

## DIRECTOR'S NOTE

When I tell people that I've been directing *Legally Blonde*, I usually get, "Oh, isn't that fun!" And they emphasize "fun" much like they would respond to seeing a toddler attempting to file a lawsuit. "Isn't that cute!" In many ways *Legally Blonde the Musical* is "fun" and "cute," but, like our very own Elle Woods, I believe that this show is so much more than it seems. At the heart of this musical is a deep understanding of self-discovery, pursuing dreams in spite of obstinacy, and discovering that love can exist where we hadn't expected to look. Yes, we spend most of our time in a salon, and we sing ridiculous songs, but what is life's journey without laughter? Elle Woods is a strong female protagonist that we can cheer on as she fights for justice, never losing sight of who she is, with unrestrained sincerity. For all of this, I do have to say that this production has been an absolute pleasure and, well, a lot of fun. The directing team, the cast, the tech crew – I couldn't ask for better people to work with or a better way to spend my summer. The genuine talent and heart of this group of people is truly astounding. I hope that you enjoy tonight's production, and that you'll leave encouraged, empowered, and determined to make your dreams come true...even if they aren't what you originally set out to achieve.
