DIRECTOR'S NOTE:

It has been a pleasure working with such a kind and talented cast and crew these past few weeks. They have given their full selves to the success of this production, and I cannot be more proud of what they will perform for you tonight. This show encapsulates the essence of what we were hoping to achieve as a company this summer: exploring why we tell the story. I hope that "Once On This Island" gives you an opportunity to laugh, cringe, and cry, furthering the understanding that it is all of these moments, no matter how happy or sad, that keep us telling stories. I hope that, when you leave tonight, the tunes continue playing through your mind and that this story stays with you always.
