DIRECTORS' NOTE

This show (when it's not about a squirrel) is about kids and adults at different points in life co-existing, and learning from each other. When rehearsing this show, we got to see older cast members and younger cast members working together as friends. Our teenage student directors offered their wisdom from when they acted in our kids shows years ago. Long-time Limelighters told old stories. First-time Limelighters became a part of new ones. From the incredible young actors onstage to the wonderfully supportive families in the audience, the directors of this production are happy to be a part of this Community with all of you.
